1. Chris Balch gave an inspiring presentation on behalf of the Totnes and District Preservation Trust about the Market Square Regeneration Project. The TDPT has undertaken extensive work to survey how the Square is used and what problems present in terms of maximising it as a space.

This was discussed by the group and it was agreed that a Market Square Delivery Group would be established to work as a sub-group of the Town Team. This group will take forward this project and report back. Members of the group will be Ian Franklin, Andy Sims, Helen Nathanson, Lindsay Garner, Frances Northrop and any other members of the Town Team who would be interested. The Market Traders will also be invited.

2. Car Park Maps – the final draft was approved by the group and will now be produced. The funding has been approved by DCC to make them in Di Bond laminate so that they are smarter and more durable. Maps will also be produced for the bus stops on Coronation Rd.

3. Streetscape Project – David Martin had asked for volunteers to help him on a walk of the main streets of the town to identify the items of street furniture that need to be removed/improved/cleaned etc. Alan Gorman, Andy Sims and Mike Craddock agreed to help.

4. It was decided to decrease the frequency of the full Town Team meetings to every 3 months in order to allow the Delivery Groups to carry on with their work. The next meeting will therefore be **Wednesday 17<sup>th</sup> September at 7pm** in the Guildhall.
